# Made Possible By Incredible Support From

Internet2:

- Cathy Chaplin
- Marie Modrell
- Miriam Finet
- Ana Hunsinger

Pacific Research Platform and especially Camille Crittenden & Tom DeFanti

Thanks to the Quilt and NSF for colocation and joint programming on Wednesday

# Guiding Principles

- Enabling research and education for all (independent of institution type or geography)
- Share successes, opportunities, and challenges
- Community of people spanning the boundaries of organizations, communities, and technology
- Outline challenges and opportunities and steps to address them
- Big Tent concept of National Research Platform that encourages participation from every component of the Cyberinfrastructure ecosystem
