Getting Started

People - Process - Tools

- Motivation to get started?
- What's in place today for IAM?
- What are the goals of the institution related to IAM?
- What is that status of your IAM team?
- Do you have a executive sponsorship?
- Are there other priorities driving changes to IAM?
- Are there other priorities that may interfere with IAM changes?

IAM Considerations

- Governance, Policy, Procedure
- Authoritative Data Sources
- Identity Lifecycles and Management
- Identity Registry
- User Identifiers
- Directory Services
- Provisioning & De-Provisioning
- Authentication and Session Management
- Authorization and Access Management
- Device Authentication
- Privacy and Consent
- Oversight, Audit, Education
- Staffing & Training
- IT Operational Environment

Who Can Help, What's Next

Collaborate

- Key stakeholders at your institution
- Your peers at other institutions
- Your community
- Vendor expertise

Get Organized

- Priorities
- Roadblocks
- Next Steps
